To use, simply spray , wipe , or mop product on surface to be cleaned. Let sit 1 to 3 minutes, agitate severe spots, rinse with clear water for clean, residue-free surface.

For hot water pressure washer cleaning, put pick-up tube in concentrate and meter properly to achieve a dilution of 2 oz. per gallon at gun tip.

**SPARKLE** is not compatible with soft metals such as polished aluminum and magnesium.

<b>Product</b>	<b>Part Number</b>	<b>Price</b>
